

RYLSOL OX

Applications:

Oxyacetylene welding.

Material:

Synthetic rubber tubing, smooth, reinforced with polyester fabric.

Surface:

Smooth.

Identification:

Marked Rylsol OX.

Colour: Blue

Standard length:

100 metre rolls.

Temperature Range:

-20°C to 80°C.

Standard:

EN 559.

APPLICATION:

RYLSOL OX hose (Blue)
Oxyacetylene equipment in industrial welding workshops.

TECHNICAL DATA

Code	Internal-External Diameter (mm)	Service Pressure (bar)	Bursting Pressure (bar)	Standard Length (m)
02125	6 x 14	20	60	100
02126	8 x 16	20	60	100
02127	10 x 18	20	60	100
02128	12 x 21	20	60	100
